

LCFE COLLEGE AWARENESS

Limerick College of Further Education celebrates the benefits of further education, as part of College Awareness Week 2016.

College Awareness Week aims to inspire and inform *all* students about the importance of having a post-secondary education plan. It advocates for students to have the choice to pursue the course best suited to their interests, abilities and future plans, whether that is a PLC qualification, an apprenticeship or a university degree.

College Awareness Week is supported by the Higher Education Authority, the National Association of Principals and Deputy Principals and the Institute of Guidance Counsellors. Many other organisations such as The National Parents Council Post-Primary, the Irish Union of Second Level Students and Irish Business Employers Confederation have also lent their support to the initiative.

Limerick College of Further Education organises a range of activities to mark College Awareness Week.

- The third annual College Awareness Week (CAW) is taking place from November 21st to November 27th 2016
- The campaign promotes the benefits of going to college, supports students to become 'college ready' and features local role models.
