Responsibility of Management

It is each manager's responsibility to be familiar with the types of improprieties that might occur in his/her area and be alert for any indication that Fraud and / or Corruption is or was in existence in the area and put in place controls to avoid such occurrences.

Managers are required to support, co-operate and work with the designated management Team in the ETB and other public departments, agencies and law enforcement bodies, in the detection, reporting and investigation of alleged Fraudulent and/or Corrupt activity, including the prosecution of alleged offences.

If Fraud and /or Corruption is detected in an area, management is responsible for taking appropriate corrective actions to ensure adequate controls are implemented to prevent the reoccurrence of improper actions.

also be alert to the possibilities of Fraud and/or Corruption and be vigilant with regard to any indications of Fraud or Corruption.

All Employees have a duty to protect the ETB from instances of Fraud and/or Corruption. Employees are expected to identify processes and procedures that may be vulnerable to Fraud and/or Corruption and to draw such instances to the attention of management in their area. In addition, it is the responsibility of every member of staff to report details immediately to their line manager if they suspect that a Fraudulent and/or Corrupt activity has been attempted or committed or see any suspicious acts or events.

Employees are required to co-operate with the ETB, with any appointed investigation body, other public departments, agencies and law enforcement bodies, in the detection, reporting and investigation of alleged Fraudulent activity, including the prosecution of alleged offences.

All Employees should ensure that they are familiar with other relevant policies, procedures and regulations including but not limited to those named in Appendix C.

Internal Audit

Internal audit evaluates the integrity of all financial and operational performance indicators, including regulatory compliance, and gives an independent opinion to the

Audit Committee of the ETB on the adequacy and effectiveness of the whole system of internal controls and assurance within the organisation and the extent to which the Audit Committee, and subsequently the Board, may rely on these.

Persons who threaten retaliation against an Employee reporting a suspected Fraud and/or Corruption shall be subject to disciplinary action and may also be subject to criminal prosecution by the authorities.

Fraud and/or Corruption can be detected at any level within the organisation and the following general principles should apply in the reporting of suspected Fraud and/or Corruption:

- (i) A person who suspects that Fraudulent or corrupt activity may be taking place should, in the first instance, report the matter to his/her immediate line manager. Should it be considered inappropriate to make such a report to the direct line manager, the report should be made to the HR Manager or to a member of the ETB's Executive. The line manager, HR Manager and member of the ETB Executive, as appropriate, are collectively referred to as 'a relevant party' for the purpose of this Policy.
- (ii) Once an allegation of suspected Fraud/corruption is made to a relevant party, the relevant party shall report the allegation directly to the Director of Organisational Support and Development ("**Director of OSD**") (or to the Chief Executive if the allegation is made against the Director of OSD's office).

(iii) A Fraud / Corruption Incident Report, which is available at Appendix A, shall be completed by the person reporting the suspected Fraud / Corruption. A protected disclosure by a worker is dealt with in accordance with the ETB's Protected Disclosures Policy, a relevant excerpt from which may be found at Appendix B.

At no point should a person reporting a suspected Fraud and/or Corruption carry out, or attempt to carry out, an investigation into his/her suspicions regarding the suspected activity. No investigation of suspected Fraud and/or Corruption should take place by any individual(s), including the person reporting the suspicions, unless so directed by the Director of OSD.¹

Procedures for the Investigation of Alleged Fraud

General

The Director of OSD will (except in any case involving his or her Office) have responsibility for coordinating the ETB's response and will seek expert legal advice, if required.

The Director of OSD² will notify the ETB's insurer at the earliest possible stage to ensure that insurance matters are dealt with promptly and properly.

In the case of a suspicion of the involvement of the office of the Director of OSD in the alleged Fraud and/or Corruption the Chief Executive or his Nominee will undertake the role of the Director of OSD in the context of this policy.

Preliminary Scoping Exercise

On receipt of a report of possible Fraud or Corruption, the Director of OSD will carry out a screening assessment. The assessment should consider whether the alleged wrongdoing is something that can or should be investigated, and, if so, what steps should be taken as part of such an investigation.

9.3 An Garda Síochána

In some cases, the matter may need to be reported to, and investigated by, An Garda Síochána or another body with the statutory power and function of investigation of particular matters.

The Director of OSD will be responsible to ensure that the ETB complies with any mandatory reporting obligations imposed by Irish criminal legislation.

¹ If the suspected Fraud and/or Corruption involves a member of the Executive Management of the ETB, no investigation of the suspected Fraud should take place until the Chief Executive has been informed. If suspected Fraud and/or Corruption involves the Chief Executive, no investigation of the suspected Fraud and/or Corruption should take place until the Chair of the ETB Board has been informed.

² Where it involves the Director of OSD's office, the Chief Executive nominee shall inform.

The criminal aspect of any Fraud or Corruption is a matter for the criminal justice machinery of the State. If Gardaí are carrying out an investigation, the ETB investigation shall continue once the Gardaí confirm it is appropriate to do so.

Where a criminal investigation is underway, the ETB reserves the right to place an Employee on administrative leave.

9.4 Investigation

If an investigation is required, the Director of OSD should consider the nature and extent of the investigation. This could consist of an informal approach for less serious wrongdoings, a detailed and extensive investigation of serious wrongdoings, or an investigation by another body. Some matters may be of such seriousness that the investigation will more appropriately be carried out externally or by professional experts in a particular area.

The Director of OSD will liaise with the Chairperson of the ETB Audit Committee to determine whether the ETB Internal Audit Unit can undertake an investigation of the matter on behalf of LCETB in line with the IAU - ETBs Terms of Reference.

In the event that the ETB Internal Audit Unit is in a position to investigate this matter, an engagement letter will issue to the Audit Committee within 5 working days. The letter of engagement shall outline the anticipated timeframe for an investigation.

In an instance where the ETB Internal Audit Unit is unable to provide such assistance, the Director of OSD will arrange for the matter to be investigated by an External Investigator sourced from the appropriate OGP Framework for Investigate Services using defined Terms of Reference.

Consequences for Employees

Where an investigation is underway, the ETB reserves the right to place an Employee on administrative leave.

Where it is determined that as a result of an Employee's action or inaction the ETB suffered loss, the ETB retains the right to recoup any such losses through a garnishing of salary and/or pension payments and/or by deductions from salary and/or through the courts for the collection of the debt owed.

Should an investigation determine that there may be a case to answer by an Employee, the matter will be referred as alleged gross misconduct into Stage 4 of the relevant disciplinary procedure as appropriate to that Employee.

Consequences for non-employees

The ETB may terminate its relationship with any Non-Employees who breach this policy and may take appropriate legal recourse to recover any losses incurred by the ETB.

Use of Cctv Footage as Part of the Investigation

Where CCTV footage forms part of any evidence relating to an alleged fraudulent or corrupt activity and is accessed as part of an investigation under this Policy, same will be done in line with the CCTV Policy of the ETB.

Data Protection

Any investigation carried out pursuant to the Fraud Policy will be in line with the Data Protection Policy of the ETB and with data protection legislation.

Confidentiality

Information regarding an allegation of Fraud shall not be disclosed to any party except in accordance with this Policy.

Any ETB Employee who discloses such information otherwise than in accordance with this Policy may be subject to disciplinary action up to and including dismissal.

The Chief Executive or a delegated officer will be responsible for dealing with any enquiries from the press and other media.

Notifying the Department of Education & Skills

It is the responsibility of the Chief Executive to notify losses to the Department of Education and Skills and the Comptroller & Auditor General's Office.

Notifying the EU Funds Unit

EU Funds Unit has recently updated its Anti-Fraud Policy, and, as part of that update, has prepared the attached Fraud Reporting document (Appendix D). This should be used to notify the EU Funds Unit, at the earliest possible opportunity, if there is a suspected or confirmed fraud in any part of the organisation, which relates to EU funded programmes/activities.

Implementation & Review

This policy will be considered for review annually by the Executive in line with best practice, or in light of changes in legislation and guidance from sources such as Internal Audit, the Comptroller & Auditor General, the Department of Education and Skills or the Department of Public Expenditure & Reform.

The date of implementation is 15/05/2019, which is the date of the noting of the Policy by Limerick and Clare Education & Training Board.
