

Job Description

Title:	Instructor – Green Skills, NZEB, Construction Skills
Reporting To:	Assistant Manager Training Services or designated person
Grade:	Career Grade
Division:	Further Education and Training (FET) Division
Centre:	The initial location for this post will be the College of Further Education and Training, Green Innovation Campus, Roxboro, Limerick; however, the successful candidate may be reassigned to an alternative location in line with organisational needs and provision delivery
Hours of Attendance:	35 hours
Function of Job:	To deliver to learners all aspects of a range of Construction Skills for Energy Conservation (practical and personal) Courses in accordance with the relevant syllabus/course content.
Background:	The above FET Campus operates under the remit of Limerick and Clare Education and Training Board (LCETB) which is a statutory, independent body with resources to deliver educational and training opportunities to the highest standard in the Limerick and Clare region.

DUTIES AND RESPONSIBILITIES

The duties and responsibilities of the post are ever evolving as the exigencies of the post require. The below outlines some of the more immediate duties and responsibilities but is not an exhaustive list:

- to deliver to learners all aspects of a range of green-skills, Nearly Zero Energy Building (NZEB) courses and construction skills (practical and personal) courses in accordance with the relevant syllabus/course content.
- keep up-to-date and informed of developments in education and training in the areas of programme design, delivery and assessment techniques;
- prepare lesson plans, course notes, and handouts, as appropriate;
- schedule, conduct, correct and mark assessments/tests in accordance with the relevant assessment procedures and carry out associated administrative tasks;
- provide appropriate additional instruction and schedule, conduct, correct and mark repeat assessments in accordance with the prescribed repeat procedures and carry out associated administrative tasks;
- maintain prescribed course records;

- supervise learners and ensure that correct methods, quality standards and safety procedures are observed;
- supervise learners in respect of their time-keeping, attendance, behavior and application;
- use assigned data management systems to record class attendance and assessment results e.g. Timetabler, Attendance module, QBS etc.
- ensure a safe and healthy work environment in compliance with Health & Safety legislation and regulations;
- ensure adequate security of tools, equipment, machines and materials located in the training area;
- ensure that equipment and machines are maintained in accordance with the manufacturers recommended maintenance schedule;
- plan and ensure the timely delivery of all course materials and non-capital tools and equipment;
- raise request for purchase for the supply of course materials and non-capital tools and equipment;
- ensure that course materials are used in an economical and cost-effective manner;
- assist in the evaluation of existing provision and participate in the research, design and development of new courses to meet the needs of industry and learners;
- work as part of a multi-disciplinary team so as to achieve the best overall outcome for learners;
- update one's own skills to reflect changes in technology and work practices;
- promote continuous improvement and innovation in the delivery of provision and associated processes;
- use new technology, as appropriate, to assist in delivering and administering training;
- where required, represent Limerick and Clare ETB and training provision on task groups and at events, as appropriate;
- undertake such other duties as may be assigned from time to time by management.
