## Job Description

<b>Title:</b>	Instructor – Mechanical Automation Maintenance & Fitting (MAMF)
<b>Reporting To:</b>	Assistant Manager Training Services
<b>Grade:</b>	Career Grade
<b>Division:</b>	LCETB FET Division
<b>Centre:</b>	College of FET, Raheen Campus, Limerick
<b>Hours of Attendance:</b>	35 hours
<b>Function of Job:</b>	To deliver to apprentices all aspects of MAMF Phase 2 of the Standards Based Apprenticeship to the prescribed standards and in accordance with the relevant syllabus.
<b>Background:</b>	The above FET Campus operates under the remit of Limerick and Clare Education and Training Board (LCETB) which is a statutory, independent body with resources to deliver educational and training opportunities to the highest standard in the Limerick and Clare region.
<b>Salary</b>	Salary scale is as per DE 0007/2026 €49,007 - €77,149** LSI.

### DUTIES/RESPONSIBILITIES

- Instruct the apprentices in all aspects of MAMF Phase 2 of the Standards Based Apprenticeship i.e. practical skills, personal skills, mathematics, drawing, high standard machine operations and related knowledge to the prescribed standard and in accordance with the relevant syllabus.
- Prepare lesson plans, keep and update course notes, presentations and handouts as appropriate.
- Schedule, conduct, correct and mark assessments/tests in accordance with the relevant assessment programme and carry out associated administrative tasks.
- Provide appropriate additional instruction and schedule, conduct, correct and mark repeat assessments in accordance with the prescribed repeat procedures and carry out associated administrative tasks.
- Maintain prescribed course records, including attendance, timekeeping, assessment results, behaviour and application.

- Supervise apprentices and ensure that correct methods, quality standards and safety procedures are observed.
- Supervise apprentices in respect of their time-keeping, attendance, behavior and application.
- Provide feedback to apprentices on their progress and support in areas that require improvement.
- Prepare and issue progress reports to the employer in respect of each apprentice.
- Ensure adequate security of tools, equipment, machines and materials located in the training area.
- Ensure that all safety measures are in place and are adhered to, including Risk Assessments and required PPE for the apprenticeship.
- Assist in the preparation and reviewing of Risk assessments for MAMF.
- Ensure that equipment and machines are maintained in accordance with the manufacturers recommended maintenance schedule.
- Plan and ensure the timely delivery of all course materials, tools and equipment.
- Raise request for purchase for the supply of course materials and non-capital tools and equipment.
- Ensure that course materials are used in an economical and cost-effective manner.
- Assist in the evaluation of existing programmes and participate in the research, design and development of new programmes to meet the needs of industry and learners.
- Work as part of a multi-disciplinary team so as to achieve the best overall outcome for learners including health & safety.
- Update one's own skills to reflect changes in technology and work practices.
- Use new technology, as appropriate, to assist in delivering and administering training.
- Represent the FET Centre at various events.
- Undertake such other duties as may be assigned from time to time.
